

HISTORIC ANNOUNCEMENT!!! NEW PROGRAM!!!

"MARGATE CIVIC PRIDE"

The City of Margate is looking for Volunteer Block Captains throughout the City

We would like every block in Margate to be adopted by a conscientious volunteer, who will be trained to:

- **Distribute information to your neighbors about trash and recycling**
- **Notify Public Works if there is a street, sewer, lighting or other neighborhood infrastructure problem**
- **Be a liaison from your neighbors to the Police and Fire departments**

***** AND *****

The first project of the Block Captains will be to inaugurate, first in Atlantic County,

THE MARGATE CITY INLET CLEANING TEAM ("Adopt an Inlet")

The Adopt an Inlet Program will help eliminate or reduce flooding throughout the City, by neighbors cleaning gutters and sewer inlets from fallen tree leaves, or debris after storms, or snow and ice after snowstorms. A minimal effort by a legion of volunteers throughout the City can have a tremendously positive impact, and can also lead to REDUCED FLOOD INSURANCE PREMIUMS FOR ALL!!!

PLEASE VOLUNTEER. We are looking for year-round and seasonal families, homeowners, senior citizens, high school students. We will have a training seminar at the Bloom Pavillion for all volunteers in January, attended by City Personnel, and the Mayor and Commissioners.

To volunteer, just call Mr. Franz Adler at Public Works, 822-5038, and leave your name, address and phone number, and email address. Or email this information to Franz Adler at adler_franz@margate-nj.com
