

CRIME SCENE DO NOT CROSS

NATIONAL C.S.I. CAMP

During this NEW one-day program, students who have an interest in law enforcement and/or related forensic sciences will learn how to identify then process a mock crime scene by collecting evidence using the most up-to-date modern techniques and methodologies learned during the lecture. Students will follow the clues left behind by the suspect/suspects, and supporting evidence to solve the crime. This program is designed to challenge all students while having fun solving the crime! Program taught by Captain (ret) Sean Clancy formerly of the Atlantic County Prosecutor's Office and other experienced detectives. *Advanced Registration Required.*
