# Summer Math: Practice To Improve

*During this NEW four-week, hands-on learning program, students will have the opportunity to practice mathematical skills. Sessions will focus on mental memory math, math computation and problem solving. Areas of study will reinforce grade-appropriate skills in the areas of computation, measurement and geometry. Each session will include mathematical practice with creating manipulatives, fun games and projects to reinforce application of skills. Through these lessons, students will gain confidence and develop strategies to problem solve and become better at math. Advanced Registration Required.*
