Commissioner of Public Safety

EMERGENCY TEST ALERT

To: All City of Margate Residents
From: Jim Galantino, Certified Floodplain Manager
Date: August 19, 2021
Subject: Public Safety Announcement-Emergency Alert System Testing Date

Please be advised that from **10:00 a.m. to 12:00 p.m. on Tuesday, August 24th 2021**, the City of Margate will conduct a citywide test of the newly installed emergency alert system and will assess the delivery of such alerts to all residents for the first time ever.

There will be four (4) short announcements at three locations in the city. The locations are:

- 1) 1 S. Washington Avenue - Behind Fire Station 1
- 2) Jerome Ave & Fulton Ave - Batting Cages Building on Jerome Avenue.
- 3) 405 N. Brunswick Avenue - Behind Fire Station 2

Emergency Alerts are a powerful tool for public safety managers to inform and protect the public during disasters. Each Alert test will last less than 2 minutes with a pre-recorded message approved by the FCC.

When the tests are completed, not only will the City of Margate have an effective, timely, and far-reaching public alert and warning system which is critical to communicating threats to public safety and providing people with guidance during times of crisis, it will officially be in compliance with the Community Rating System Warning and Response section.
