

PUBLIC INFORMATION

MARGATE BUILDING DEPARTMENT

FLOOD INFORMATION:

The Margate Building Department is dedicated to solving the challenges of flood safety and awareness. Our City exists in a Special Flood Hazard Area (SFHA), where storm flooding is likely and can be highly damaging. Flooding can be disastrous, but there are steps you can take to protect yourself and your property. Our Certified Floodplain Manager, Jim Galantino, is available to assist our residents with any flood questions or concerns, including information about flood hazards, base flood elevation, and flood protection, as well as access to flood maps. Jim Galantino may be reached at 609-822-1974, or by visiting our office located at 9001 Winchester Avenue. If requested, our CFM will visit a property to review its flood problem and explain ways to stop flooding or prevent flood damage. You may also find flood protection documents and flood maps on our website and at the Margate City Public Library.

FLOOD INSURANCE & ELEVATION CERTIFICATES:

Homeowners' insurance policies do not cover flood damage. Since the City of Margate participates in the National Flood Insurance Program (NFIP) through the Federal Emergency Management Agency, you can purchase a separate flood insurance policy and receive a 25% reduction on your premium. To obtain flood insurance, your insurance company may request a flood elevation certificate to determine if your dwelling is above or below the Base Flood Elevation established by FEMA. The City of Margate does not prepare elevation certificates. Elevation certificates are prepared by locally licensed surveyors and submitted to the Margate Building Department as a requirement of the building permit process. Once submitted, our Certified Floodplain Manager will review them for accuracy and upload them to our website and to the ArcGIS online maps. To learn more about flood insurance policies and flood elevation certificates, contact our office at 609-822-1974 or visit our website.

PERMITS AND INSPECTIONS:

The Building Department accepts and reviews all building and zoning applications for any type of construction project. We highly recommend that if you have any questions about what permits are needed, on projects large or small, to contact us directly. Our staff is available to assist all homeowners and contractors with the permit and inspection process. Together, we can ensure the public health and safety of our community!

MARGATE POLICE DEPARTMENT

MISSION STATEMENT

The mission for every member of the Margate City Police Department is to seek and find ways affirmatively to promote, preserve, and deliver a feeling of security, safety, and quality services to all members of the community.

This mission is a commitment to quality performance from all members. It is critical that all members understand, accept, and be aligned with the responsibilities established by this mission. It provides the foundation upon which all operational directives will be based. Directives include regulations, operating instructions, policies, procedures and practices.

This mission represents the commitment of this administration to the concepts of total quality management. In other words, members are expected to work consistently in a quality manner in the daily performance of those duties, job responsibilities and work tasks associated with the mission. Quality manner means that performance outcomes comply with the performance standards established for this agency and for each member. Examples of performance standards include the Oath of Office, Code of Ethics, Agency Rules and Regulations, Policies, Procedures, Directives, General and Supervisory Orders, Work Productivity and Performance Behavior.

Each member of the Department is required to accept the responsibility for the achievement of this mission and the concepts of quality service. Our mission has been developed in a six fold program of services;

1. To create the safest atmosphere possible throughout the geographical boundaries of the City of Margate. To investigate all criminal activity to the greatest extent possible. To improve traffic safety on all City roadways.
2. To promote, wherever possible, the philosophy of Community Policing; which fosters a working relationship between the Police Department, community residents, business owners, school officials, and all affected parties within the City to resolve law enforcement issues.
3. To respond to all service-type calls, as deemed necessary by the Police Department's function, and to treat all individuals with dignity and respect of their individual rights.
4. To uphold publicly and privately the highest standards of the law enforcement profession and exemplify the standards by example – on and off duty.
5. To continually improve the ability for officers to perform their tasks with training and the latest law enforcement technology, equipment and trends, whenever possible.
6. To foster an environment for officers to continue their education for self-improvement and for the benefit of the department.

MARTIN BLOOM COMMUNITY PAVILION

The focus of the Martin Bloom Community Pavilion is to enhance the quality of life for senior adults in our community through many different avenues including recreational programming, informational, educational and nutritional services, including health and wellness programs.

Please stop by and enjoy all the wonderful programs being offered!

Pavilion hours are Monday-Friday (9:00 am-3:00 pm).

For More Information Please Contact: 609-822-2285
